Cadet Membership

The Club is currently offering a Cadet Membership for beginners. This category enables students under the age of 14 to learn golf before joining as a Junior.

The Northern Golf Club Junior Cadet program is a pathway for the development of young golfers before joining the Club as a Junior member. The program focuses on developing important aspects of the game such as familiarising Cadets with Competitions, Course Management, Rules and Etiquette.

This category of membership is all about helping juniors take the next step, getting out on the golf course, playing competitions and one day representing Northern Golf Club in Pennant and other events.
