# NORTHERN GOLF VALUES & DRESS CODE

---

## Northern Golf Values

Northern Golf Club encourages a great golfing experience for all members and visitors alike. It is important to show respect for each other, the golf course, Members, Visitors & Staff – Treat all members, visitors and staff with dignity and respect; report and be ready to play 15 minutes prior to your time; be familiar with our dress code; maintain a good pace of play by playing ready golf; remember course staff have right of way on the course.

- The Golf Course - Keep the golf course and practice areas in as good or better shape than you found them; course quality is maintained by repairing divots & pitch marks; raking bunkers and keeping your cart/buggies within the designated areas.
- Spirit of Game - Golf requires competitors to be responsible for knowing and applying the rules so take time to learn them; understand the etiquette of the game; play in a manner demonstrating courtesy and sportsmanship at all times.

This is the way we do it at Northern!!

## Dress Requirements

Standard of dress and general appearance will, at all times, determine the privilege of all Members and visitors to use the facilities of the Club.

NGC By Law No. 7 states:

All members shall comply with the current version of the dress code that specifies the club's requirements for all persons while playing, practicing or socializing within the premises. The code will be consistent for male and female members but there may be minor concessions to accommodate acceptable fashion trends for either sex. Each year in December, the code will be reviewed in time to include any variations in the new syllabus and on the club's website. Copies of the code will also be available at the office. Pictorial examples will be used to illustrate the code. Members need to keep abreast of the Club's view on any fashion changes that may occur from time to time by reference to the current dress code as contained on the Website or from the Office or Pro Shop, as convenient.

Specific changes will be communicated to Members in this manner, but the Board does require compliance to the Dress Code and expects that Members will heed any requests from Staff or Board Members to accept their responsibility in this regard, for the benefit of all concerned.

## GOLF AUSTRALIA HANDICAPPING SYSTEM

---

A player shall have an Australian Handicap only and this shall be allotted by his nominated Home Club.

It is the responsibility of the player to report to his Home Club all scores returned by him at other clubs.

1. All scores for handicap will be calculated by the U.S.G.A.'s "Rolling Sample" method. The USGA handicap formula is based on averaging the BEST handicap differentials in a player's handicap record. If a player's handicap record contains 20 scores, the best 8 handicap differentials are used to calculate the player's exact handicap. The differential will be based on the Australian Men's Course Rating of the day. All member's handicaps will be reviewed every day a scorecard is submitted with older scores being replaced by more recent scores. Hence, the handicap record is considered to be a "rolling sample" of the player's scores.
2. The multiplier has been changed to 0.93.
3. Introduction of a "Cap" which will prevent a player's handicap from increasing any more than 5 strokes beyond their best exact handicap from the previous 12 month rolling period.
4. Golf Link will cap the score that goes into a player's handicap record at no more than 40 strokes over the course rating. (Stroke and Par scores are converted into Stableford for this purpose).
5. Slope ratings and scratch ratings will now apply to all competition rounds.

To obtain an Australian handicap, a player must lodge 3 or more social or competition score cards. The system is based on every player making the best score on every hole he plays and returns every eligible card for handicapping.

The Australian Handicapping System allows the Committee to adjust a player's handicap where necessary to ensure the evenness of the competition or to give consideration to a player returning after ill health.

  2. As soon as all members of a match cease play to search for a ball, they **SHOULD** call following players through. A ball is considered lost if it is not found within 3 minutes of commencing to search for it.
  3. If members of a four are more than a hole behind the four in front they **SHOULD** stand aside and allow the following players through. Remember, your position in the field is behind the group ahead, not ahead of the group behind!
  4. It is the custom of the Club to yield the President and Captain of the Club the rights of the tee.
  5. The lowest handicap in your party will be responsible for the observance of the Etiquette of the game.
